Certificate Provisions

Consideration

We issue this certificate and attached rider(s) based on the application signed by the owner and the payment of premiums as described in this certificate.

Entire Contract

The entire contract consists of each of the following:

1. The insurance contract, including agreements and endorsements to it.
2. The application for this certificate and each attached rider, if any.
3. Notifications we send to you confirming changes made to this certificate or a rider.
4. Our Instrument of Incorporation, Constitution, and the respective amendments.

All statements in the application shall be deemed to be representations, not warranties.

No one, including the producer who provided you with this certificate, can make a promise or representation about the entire contract other than what is described in the entire contract. A change to the insurance contract is not valid unless the change is approved by our executive secretary and it is endorsed on, or attached to, the insurance contract.

When this Certificate is in Effect

This certificate comes into effect on the issue date, if each of the following conditions are met:

- At least the first total premium was provided on or before the date we delivered this certificate to you and is received by us from the financial institution from which it is to be collected.
- The insurability of the insured did not change between the date the application was signed by the insured and the issue date.
- If required by us you have accepted, and if applicable, signed and returned to us, an amendment to the application, in the manner described within the form used to make such amendment.

Once in effect, this certificate will remain in effect until the earliest of the following dates:

- The date of death of the insured.
- The day we receive, as shown in our records, your signed request to end this certificate.
- The day this certificate lapses, as described in the *Grace Period* provision.
- The day this certificate terminates, as described in the *Loans* provision.
- The maturity date, as shown in the *Certificate Data Pages*.
- The day that option 2 applies, as described in the *Nonforfeiture* provision.

This certificate will not be in effect after the earliest of the above dates. This means our liability, under this certificate, ends on that earliest date and no death benefit would be paid for death after that date.

Control of Insurance Contract

The owner of the insurance contract may exercise the options or rights provided to you under it, unless limited by statute or by the rights of an assignee or irrevocable beneficiary. If the insured is younger than 16 years old on the issue date, these rights will transfer to the insured upon their 16th birthday. Upon this transfer, the insured will become the owner of the insurance contract, regardless of a prior assignment.

You may request a change of owner, while the insured is alive and this certificate is in effect. A change of owner is not effective if prohibited by law. We are not responsible for the validity or effect of a change of owner. Unless otherwise specified by you, the change of owner will be effective as of the date the request is signed and is subject to payment(s) made or action(s) taken by us prior to our receipt of this request.

If the insured is not the owner and if the owner dies or ceases to exist, while this certificate is in effect, the contingent owner becomes the owner of the insurance contract, as of the date that the owner died or ceased to exist. This transfer to the contingent owner is not effective if prohibited by law. If there is no surviving contingent owner, the owner's estate (if the owner is a natural person) or the owner's successor in interest (if the owner is a non-natural person) will become the owner.

Assignment

You may assign the insurance contract. An assignment is not effective if prohibited by law. Unless otherwise specified by you, the assignment will be effective as of the date the assignment is signed and is subject to payment(s) made or action(s) taken by us prior to our receipt of this assignment. Under an absolute assignment the assignee becomes the owner of the insurance contract. We are not bound by an assignment unless it is in writing and shown in our records. We are not responsible for the validity or effect of an assignment. Despite the assignment, the insured retains Foresters membership rights and privileges according to our Constitution.

Beneficiaries

There may be designated one or more than one primary or contingent beneficiary. Each primary and contingent beneficiary, if any, is shown in, or in a form accompanying, the application unless changed as shown in our records.

You may request a change of beneficiary, while the insured is alive and this certificate is in effect. If a beneficiary is designated "irrevocable", then that beneficiary must also sign a request that changes that beneficiary's designation or the percentage or amount to be received by that beneficiary. Unless otherwise specified by you, the change of beneficiary will be effective as of the

date the request is signed and is subject to payment(s) made or action(s) taken by us prior to our receipt of this request.

Payment to Beneficiary

The death benefit payable will be paid as described in this provision. If no beneficiary survives the insured or if no beneficiary is designated, this payment will be made to you or your estate.

Primary Beneficiary: Each surviving primary beneficiary will be paid their share of the death benefit. That share is shown in the application unless changed, as shown in our records. If a primary beneficiary predeceases the insured, that beneficiary's share will be split among the surviving primary beneficiaries. That split will be based on the ratio of the specified percentages for those surviving beneficiaries to the total percentage for those survivors. If no percentages are specified, then the death benefit will be split equally among the surviving primary beneficiaries.

Contingent Beneficiary: If no primary beneficiary survives the insured, each contingent beneficiary, if designated, surviving the insured, will be paid their share of the death benefit, in the same manner as described above for the primary beneficiary.

Death Benefit

Payment of Death Benefit

Subject to the terms and conditions of the entire contract, we will pay the death benefit if we receive due proof of the insured's death. That death must occur while this certificate is in effect.

Interest will be paid on this amount, calculated from the date of death to the date of payment. The interest rate will be the interest rate being applied by us, on the date of death, to death proceeds left on deposit with us.

Additional interest, at a rate of 10% annually, will accrue to the date of payment beginning 31 days from the later of:

- the date due proof of death is received by us;
- the date we receive sufficient information to determine our liability, the extent of that liability, and the appropriate beneficiary entitled to the death benefit; and
- the date that legal impediments to payment of the death benefit that depend on the action of parties other than us are resolved and sufficient evidence of the same is provided to us.

Legal impediments to payment include, but are not limited to, (a) the establishment of guardianships and conservatorships; (b) the appointment and qualification of trustees, executors and administrators; and (c) the submission of information required to satisfy state and federal reporting requirements.

The amount payable under this provision will be paid as described in the *Payment to Beneficiary* provision.

Amount of Death Benefit

The death benefit is equal to:

- the face amount in effect on the date of death of the insured; plus
- unearned premiums, if any; minus
- the amount of the debt, if any.

The amount of the unearned premium will be that portion of the total premium that was paid to us to provide coverage for a period of time beyond the end of the certificate month of the insured's death.

The amount of the death benefit will include the dividends on deposit and paid-up additional insurance. We do not expect, however, that there will be dividends on deposit or paid-up additional insurance.

Incontestability

We will not contest the validity of this certificate after it has been in effect, during the lifetime of the insured, for two years, based upon statements made in the application, except for:

- Non-payment of premium,
- Fraud, when allowed by the laws of the state governing shown on the cover page of this certificate, or
- Statements made in an application for the addition of a rider, reinstatement or in a declaration for a change in insurance class, will be incontestable two years after the effective date as shown in our records of such addition, reinstatement or change. Our right to contest based on statements made in an application for an addition, will apply only to the additional coverage provided by that addition.

This provision shall not apply to a rider providing a benefit in the event of:

1. the total disability of the insured, or
2. death of the insured by accident or accidental means.

Suicide

If death of the insured is by suicide or intentionally self-inflicted injury, while sane or insane, and within two years from the issue date, our liability is limited to the sum of the total premiums paid minus the amount of the debt, and no death benefit will be paid.

If death of the insured is by suicide or intentionally self-inflicted injury, while sane or insane, and within two years from the effective date of the last reinstatement, if any, our liability is limited to the sum of the total premiums paid since the last reinstatement minus the amount of the debt and no death benefit will be paid.

Premiums

The amount of the total premium and the number of years payable are shown in the *Certificate Data Pages*. This amount will change if a rider ends or is added after the issue date. We will notify you if the amount of the total premium changes. The first total premium is due on the issue date. You will then need to pay each total premium when due to keep this certificate in effect. Premiums are payable in advance.

Other than the first total premium, each total premium is due, without notice from us, on the premium due date for that total premium. The premium due dates are based on the payment mode in effect. If the payment mode in effect is annual, the premium due dates will be on each certificate anniversary. If the payment mode in effect is more often than annual, these dates will fall on the same day of the month as the issue date, based on that payment mode. For example, if the payment mode in effect is monthly and your issue date is March 4, your premium due dates will be on the 4th of each month.

The payment mode and payment method in effect is the mode and method elected in the application, unless changed as shown in our records.

The sum of the total premiums payable over a certificate year may depend on the payment mode in effect. That sum may be less if you pay based on a payment mode other than the monthly payment mode. Subject to our administrative rules in effect at the time, you may change your payment mode or payment method. Contact our designated office to find out what method is available and the total premium payable if another available mode is elected.

Total premiums may be paid by mail sent to our U.S. mailing address or to our designated office and each is considered paid on the business day we receive it at our designated office. You may also make payment to our Executive Secretary. If requested, we will provide a receipt for the total premium paid, signed by our Executive Secretary.

Grace Period

If a total premium is not paid in full on or before its premium due date, you have 31 days from that premium due date to pay us that total premium. This 31 day period is called the grace period.

Subject to the *Nonforfeiture* and *Automatic Premium Loan* provisions, this certificate will lapse without cash surrender value as of the end of the 31st day of the grace period if you have not paid us that total premium by that day. Payments received after the grace period will be accepted only if sent by U.S. mail and postmarked during the grace period. Upon lapse, this certificate will no longer be in effect. This means our liability ends and no death benefit would be paid.

If the insured dies during the grace period, we will reduce the death benefit payable by the overdue amount.

Reinstatement

If this certificate should lapse, you may be eligible to reinstate it within three years from the effective date of the lapse as shown in our records. To reinstate we will require:

1. Payment of the unpaid premium with interest compounded at a rate determined by us. That rate will not be more than six percent per year.
2. Evidence of insurability, which meets our standards, of the insured.
3. Payment or reinstatement of all debt existing at the date of lapse plus interest. That interest will be calculated on that debt from the date of lapse. The interest rate will be determined by us but will not be more than the maximum loan interest rate as described in the *Loans* provision.

The unpaid premium will be the sum of the following:

- The total premiums due but not paid in full on or before the date of lapse.
- The total premiums from the date of lapse to the date of reinstatement that would have been due if the certificate had not lapsed.

The effective date of a reinstatement is the day that we approve your application for reinstatement, as shown in our records.

Cash Value

This certificate may provide a cash value, calculated as described in the *Basis of Computation of Values* provision. Cash values, if any, at the end of certain certificate years are shown in the *Table of Guaranteed Certificate Values* in the *Certificate Data Pages*. The cash values shown assume that total premiums are paid as due and that no changes are made to this certificate. Cash values, if any, at the end of certificate years not shown will be furnished upon request. Subject to the *Basis of Computation of Values* provision, calculations of cash values during a certificate year will be done on a consistent basis and be based upon the total premiums paid and time elapsed during that certificate year.

Cash Surrender Value

The cash surrender value at any time is equal to:

- the cash value at that time; plus
- the present value of paid-up additional insurance then in effect, if any; plus
- the amount of dividends on deposit at that time, if any; minus
- the amount of the debt, if any.

Nonforfeiture

If this certificate has a cash surrender value greater than zero one of the following options may be used. Subject to an assignment shown in our records, you may elect either option 1 or 2, as described in this provision, any time before a total premium is overdue for more than 60 days.

If a total premium remains unpaid at the end of the grace period, and no election was made, option 1 will automatically apply, unless the *Automatic Premium Loan* provision has been requested.

Option 1 – Reduced Paid-Up Life Insurance

Under this option we will apply the cash surrender value to continue the certificate in effect as reduced paid-up life insurance. This will reduce the face amount under the certificate. The reduced face amount will be the amount that can be purchased by applying the cash surrender value as a net single premium for this insurance. The reduced paid-up insurance will not include benefits provided by a rider.

In the event that the cash surrender value is such that the reduced face amount would be less than \$1,000.00, we reserve the right to surrender this certificate as described in option 2. However, we will allow the certificate to be continued in effect as reduced paid-up life insurance if, within 30 days of being notified of that surrender, the owner returns the cash surrender value and requests the reduced paid-up life insurance.

If the insured dies during the grace period, subject to the terms of the certificate, the death benefit will be paid and there will be no payment under this reduced paid-up life insurance.

The reduced paid-up insurance may be surrendered for its present value. The present value will equal the net single premium that would be required to provide the insurance that would continue if the reduced paid-up life insurance was not surrendered. If such surrender occurs within 30 days after a certificate anniversary, the present value will not be less than the present value on that anniversary.

We may defer payment of the present value for up to six months after we receive your written request to surrender.

Option 2 – Cash Surrender

Under this option we will surrender this certificate and pay you its cash surrender value. Once surrendered, this certificate is of no further effect, our liability under this certificate ends and no death benefit will be paid. If such surrender occurs within 30 days after a certificate anniversary, the cash surrender value will not be less than the cash surrender value on that anniversary, adjusted for each dividend on deposit withdrawal, paid-up additional insurance surrender, loan taken and each loan repayment made, since that anniversary.

We may defer payment of the cash surrender value for up to six months from the date we receive the request for that payment.

Basis of Computation of Values

The calculation of cash values and benefits will be based on the 2017 CSO ultimate, age last birthday, sex distinct, smoker distinct mortality table for the insured's rating class and the nonforfeiture interest rate shown in the *Certificate Data Pages*. Ultimate mortality tables and curtate functions will be used in the calculation of cash values other than reduced paid-up life insurance cash values. Ultimate mortality tables and continuous functions will be used in the calculation of reduced paid-up life insurance and its net single premium. Calculations take into account the gender, age and smoking status of the insured.

If this certificate was issued on a unisex basis, as shown in our records, then the 2017 CSO age last birthday, male, smoker distinct mortality table for the insured's rating class will be used in the calculation of cash values, nonforfeiture benefits and net single premiums and calculations will not take into account the gender of the insured.

These values and benefits will not be less than the minimum values and benefits required by the NAIC Standard Nonforfeiture Law for Life Insurance, model #808.

A detailed statement of the method of computation of cash values, nonforfeiture benefits and net single premiums has been filed as required with the Interstate Insurance Product Regulation Commission.

Loans

The loan amount is the amount loaned to you, either through a requested loan or an automatic premium loan, plus unpaid accrued interest and minus each repayment. Interest accrues daily on the loan. Interest is due at the end of each certificate year. If the interest is not paid when due, it will bear interest at the same rate as the loan. We will determine the interest rate on an annual basis. The rate of interest will not exceed the higher of:

1. The monthly Average of the Composite Yield on the Seasoned Corporate Bonds as published by Moody's Investors Service Inc. (or any successor thereto) for the calendar month ending two months before the date on which the rate is determined.
2. The rate that we would use to calculate the net single premium and the present value under this certificate plus one percent.

In the event that the Moody's Monthly Average of the Composite Yield on Seasoned Corporate Bonds is no longer published, we will substitute a substantially similar average, established by regulation issued by the insurance regulator for the state governing.

All or part of a loan may be repaid at any time that this certificate is in effect. Each repayment will be applied to the loan, effective the date it is processed by us.

If, at any time, the loan amount exceeds the cash value at that time plus the present value of paid-up additional insurance then in effect and the amount of dividends on deposit at that time, then this certificate will terminate. We will send you, and any assignee of this certificate, notification of

termination. Termination will be effective 31 days after the date, as shown in our records, notification is sent. Upon the termination of this certificate, it will be of no further effect, our liability will end and no death benefit will be paid for death after that date. After termination of this certificate, there is no right to put it back into effect.

Requested Loan

You may obtain a loan from us, with this certificate as the security for the loan. We will require that you sign our then current loan agreement. The loan is effective when we receive the loan agreement that you have signed. The maximum loan amount available at any time is equal to the projected cash surrender value at the end of the current certificate year, assuming that no further premium payments are made.

We may defer payment of a loan for up to six months from the date we receive the request for that payment, unless it is used to pay premiums due to us.

Automatic Premium Loan

You may request that this provision applies either by electing it in the application or by signed notice any time before the end of the grace period. You may revoke that request at any time by signed notice, however this will not invalidate a loan made under this provision.

Under this provision, total premium unpaid at the end of the grace period will automatically be paid through a loan if, at the end of the certificate month in which that premium was due, the cash surrender value available is not less than zero. If however, at the end of that month the cash surrender value is less than the monthly total premium but more than zero, we will loan the remaining cash surrender value and continue the certificate for only part of the month. While the certificate is in effect, you may resume payment of total premiums.

The premium payment mode will be changed to monthly for the duration of the time period that premiums are being paid through a loan.

Misstatement of Age or Sex

If the age or sex of the insured under this certificate is misstated at issue, the face amount and the rider benefit amount(s), if any, will be adjusted either upward or downward. The revised amounts for the certificate and riders, if any, will be that which the premium paid, for that coverage, would have purchased for the correct age and sex, according to our rates in effect on the issue date. If this certificate was issued on a unisex basis, as shown in our records, then misstatement of sex is not applicable.

Conformity with Interstate Insurance Product Regulation Commission Standards

This certificate was approved under the authority of the Interstate Insurance Product Regulation Commission and issued under the Commission's standards. If a provision of this certificate is in conflict with the Commission's standards for this product type, that were in effect on the date of the

Commission approval, said provision is hereby amended to conform to the Commission's standards for this product type, in effect on that approval date.

Limitation of Action

No action shall be taken on this certificate, or a rider, in a court of law unless the action is filed with a court within the period of time, from the date that the cause of action arose, allowed by the laws of the state governing.

Law Applicable

Your rights or obligations and that of anyone, including the insured or anyone rightfully claiming under this certificate or a rider, will be determined by the laws of the state governing.

Limiting Effect of our Constitution

The benefits provided under this certificate and each rider will not be reduced, nor will this certificate or a rider end, by a provision in our Constitution not stated or referred to in the insurance contract.

Suspension or Expulsion

Even if the insured is expelled or suspended from Foresters membership in accordance with our Constitution, the insurance contract, subject to its terms, may be kept in effect by continuing to pay the required premiums.

Maintenance of Reserves

If our reserves become impaired, you may be assessed an equitable proportion of the shortage. You may pay cash or accept a reduction in benefits. If you do neither, your equitable proportion will become an amount owed against this certificate. Interest on this amount will be compounded at a rate determined by us but not more than five percent per year.

Basis of Computation of Reserves

The reserves are not less than the minimum reserves required by the NAIC Standard Valuation Law for Life Insurance, model #820.

Dividends

This certificate is eligible to participate in our divisible surplus. We will determine our divisible surplus each year. You will be entitled to your share, if any, as determined by us, of our divisible

surplus. This share is your dividend which you may receive or use according to the dividend option in effect. Your dividend options are as follows:

1. Use the dividend as a net single premium to buy paid-up additional insurance at the insured's age on the date of the purchase. No further premiums are required for this additional insurance purchased.
2. Have the dividend paid in cash.
3. Leave the dividend with us to accumulate with interest. We will determine the interest rate, but it will not be less than one-half percent per year.
4. Use the dividend to reduce premiums payable under this certificate. In a certificate year where the dividend paid is not sufficient to pay the premiums payable for that certificate year, the difference is payable by you. In a certificate year where the dividend paid exceeds the premiums payable for that certificate year, the excess will be applied under dividend option (1).

Dividend option (1) will be in effect from the issue date unless changed by you as shown in our records. If changed, the new option applies to future dividends only.

If you request this certificate to end and dividends have been credited under dividend option (1) or (3), the present value of the paid-up additional insurance and the amount of the dividends on deposit will be included in the calculation of the cash surrender value payable to you.

We do not expect to pay dividends under this certificate. If no dividends are paid the dividend options described in this provision do not apply.

Accelerated Death Benefit Rider (for Terminal Illness)

Provides, subject to the provisions of the entire contract, the opportunity for the owner to receive an accelerated death benefit payment if the insured is diagnosed with a terminal illness.

An accelerated death benefit payment will reduce the face amount and the amount, if any, of the paid-up additional insurance, cash value and loan amount. Premiums due, and dividends credited, after the effective date of that payment, will be adjusted based upon the reduced face amount.

Receipt of an accelerated death benefit payment under this rider is intended to qualify for favorable tax treatment under the Internal Revenue Code. However, depending on individual circumstances or changes to that code, receipt of an accelerated death benefit may be a taxable event. You should consult a qualified tax advisor in order to assess the tax impact of receiving an accelerated death benefit payment.

Receipt of an accelerated death benefit payment may affect your, your spouse's or your family's eligibility for public assistance such as Medicaid, supplemental social security income or other government benefits or entitlements. You should consult each applicable government agency before receiving an accelerated death benefit payment so that you can assess the impact on eligibility for such assistance.

If this rider was an attachment to a certificate on the certificate issue date, certificate means that certificate. The maximum lifetime acceleration amount, minimum acceleration amount, residual face amount and the expiry date for this rider are shown in the *Certificate Data Pages*.

If this rider was not an attachment to a certificate on the certificate issue date, certificate means the certificate with the certificate number referred to in the notification that we sent you with this rider. The maximum lifetime acceleration amount, minimum acceleration amount, residual face amount and the expiry date for this rider, are shown in that notification.

This rider consists of this page and each following page attached up to the page which states "This is the last page of this Accelerated Death Benefit Rider (for Terminal Illness)".

This rider, while in effect, forms part of the insurance contract. Unless amended by this rider, certificate provisions and definitions apply to this rider. This rider does not have cash value or loan value.

Definitions

For purposes of this rider:

Acceleration amount means the portion of the eligible death benefit accelerated under this rider for the payment.

Accelerated death benefit payment and *Payment* mean the payment resulting from accelerating, under this rider, a portion of the eligible death benefit.

Acceleration factor means the acceleration amount divided by the eligible death benefit on the payment's effective date.

Eligible death benefit means the sum of the face amount plus paid-up additional insurance in effect, if any.

Physician is a duly licensed medical practitioner while acting within the scope of an active license to practice medicine in the United States. The physician cannot be you, the insured or a relative of either you or the insured, including a brother, sister, parent, spouse or child of either you or the insured or the spouse of such person. The physician cannot be a business associate of you or the insured.

Terminal illness means the insured has a non-correctable illness or physical condition which is reasonably expected to result in death within 12 months of diagnosis.

When This Rider Comes Into Effect

If this rider was an attachment to the certificate on the certificate issue date, this rider comes into effect on the same day as the certificate, if the insurability of the insured, for purposes of this rider, has not changed between the date of the application and that day.

If this rider was not an attachment to the certificate on the certificate issue date, this rider comes into effect on the date that we approve, as shown in our records, the addition of this rider to the certificate, if the insurability of the insured, for purposes of this rider, has not changed between the date of the application for this rider and the date of that approval.

End of Rider

This rider ends on the earliest of the following dates:

- The expiry date for this rider.
- The day we receive, as shown in our records, your signed request to end this rider.
- The day the certificate is no longer in effect as described in the certificate.
- The day the certificate becomes reduced paid-up life insurance.
- The effective date of the payment.

When this rider ends, it is no longer in effect.

The ending of this rider will not prejudice a payment payable for a terminal illness that occurs while this rider is in effect. That payment will not put the certificate or this rider back into effect.

Paying Premiums

There is no required premium for this rider, however, subject to the *End of Rider* provision, to keep this rider in effect up to the expiry date for this rider, you need to pay the total premium when due, as described in the certificate.

Benefit

Subject to the provisions of the entire contract, you may elect to receive an accelerated death benefit payment due to the insured's terminal illness that occurs while this rider is in effect.

Amount of the Benefit

The amount of the payment will be determined by us, as described below.

The payment will be equal to, on the payment's effective date:

- The acceleration amount, minus;
- The sum of the unpaid total premium on that date, minus;
- The loan repayment amount on that date.

The payment will be at least equal to the certificate's cash surrender value, if any, on the payment's effective date multiplied by the acceleration factor.

The payment may be less than the acceleration amount.

Acceleration Amount Limits

The acceleration amount:

- Must be an amount at least equal to the minimum acceleration amount.
- Must be an amount that does not exceed the lesser of 95% of the eligible death benefit on the effective date of the payment and the maximum lifetime acceleration amount.
- Must be an amount such that the face amount after the effective date of the payment will be at least equal to the residual face amount.

Claim Provisions

Notice of Claim

Written notice of claim, for an accelerated death benefit payment, must be received by us, at our designated office, for us to act upon it. The notice should contain enough information to identify the insured.

Claim Forms

After we receive notice of claim, we will send you the forms that are to be used to file a claim under this rider. If you have not received these forms within 15 days after sending us notice of claim, you shall be deemed to have complied with the requirements as to submission of a claim upon submitting each of the following:

- The nature of the terminal illness.
- The amount of eligible death benefit that you are requesting be accelerated.
- Written proof, as described in the *Proof of Loss* provision, that the insured has been diagnosed with a terminal illness.
- The name, address and phone number of the physician who made the diagnosis and the date of that diagnosis.

Proof of Loss

We must receive, at our designated office, written due proof, of the insured's terminal illness, before we will pay an accelerated death benefit payment. That proof must include a certification by the physician of his/her diagnosis of the insured's terminal illness.

We may require additional proof including, but not limited to, complete reports, notes and records of the insured's medical history, test results, diagnoses and treatments.

Physical Examination

We have the right to have the insured medically examined, at our expense, by a physician we appoint, in order to obtain a second medical opinion to confirm the diagnosis and eligibility for the payment.

If that second medical opinion does not confirm the diagnosis and eligibility for the payment, then a third medical opinion, provided at our expense by a physician that is mutually acceptable to you and us, will determine eligibility for the payment.

Claim Approval

If we approve your claim for a payment, we will send you an offer sheet demonstrating the effect of the payment on the face amount and, as applicable, the premium, cash value and loan amount. This offer sheet will also be sent to each assignee and irrevocable beneficiary, if any. The offer sheet will indicate the effective date of the payment and will be valid for a period of 60 days from the date, as shown in our records, we send the offer sheet to you.

You must sign the offer sheet, indicating your election to receive the accelerated death benefit payment, as offered, and return it to us, within the 60 day period, in order for us to process the claim based upon that offer sheet. After the 60 day period a new offer sheet, with updated information and a new effective date, must be requested.

We must also receive the signature(s), on a form we accept, of each assignee and each irrevocable beneficiary, if any, consenting to the payment. We reserve the right to require proof, acceptable to us, of your mental competence on the date you signed the offer sheet.

Payment

Payment will be due immediately upon our receipt of due written proof of payment eligibility such as receipt of the proof of loss, signed offer sheet, required consents, if any, and proof of mental competence, if required by us. The payment will be made in a single lump sum.

Payment will be made, while the insured is living, to you or to your estate, unless the payment is otherwise assigned or you designate another recipient. If the insured dies and we receive notification of that death before payment has been made, the claim for payment will be cancelled and the death benefit payable, if any, will be paid as described in the *Death Benefit* provision of the certificate. Payment made before we receive notification of the death of the insured will reduce the death benefit payable, if any.

Effect of an Accelerated Death Benefit Payment

An accelerated death benefit payment will not end the certificate, however it will reduce the face amount, and the amount, if any, of the paid-up additional insurance, cash value and loan amount, on a pro rata basis, based upon the acceleration factor. The reduction to the face amount may be more than the payment. The reduction to the loan amount will be considered a loan repayment amount and will be included in the calculation of the payment.

Premiums due, and dividends credited, after the effective date of the payment, will be adjusted based upon the reduced face amount. The adjusted premiums, if any, will be as if the certificate had been issued at the reduced face amount. Subject to the provisions of the entire contract, the adjusted premiums, if any, must be paid as described in the certificate, in order to keep the insurance contract in effect after that effective date.

A rider, if any, that only provides coverage for the accidental death of the insured, will not be affected by the payment.

Reinstatement

This rider may be reinstated if the certificate is reinstated, subject to the same conditions as reinstatement of the certificate, as described in the *Reinstatement* provision of the certificate.

Incontestability

We will not contest the validity of this rider after it has been in effect, during the lifetime of the insured, for two years, based upon statements made in the application, if this rider is an attached rider, or in the application for this rider, if it was added to the certificate as an attachment after the issue date, except for:

- Non-payment of premium, or
- Fraud, when allowed by the laws of the state governing shown on the cover page of the certificate.

Statements made, after the issue date, in an application for reinstatement will be incontestable two years after the effective date, as shown in our records, of such reinstatement, except as described above in this provision.

Excluded Risks and Limitations

We will not make a payment for a terminal illness that results directly or indirectly from attempted suicide or intentionally self-inflicted injury, while sane or insane, that occurs within two years from the date this rider comes into effect.

An accelerated death benefit payment is not meant to allow third parties to cause you to involuntarily reduce the death benefit ultimately payable, under the certificate, to a beneficiary. Therefore, we will not make a payment if we receive notification before payment, as shown in our records, stating that:

- You are required by law to use a payment to meet the claims of creditors, whether in bankruptcy or otherwise; or
- You are required by a government agency to use a payment in order to apply for, obtain, or keep a government benefit or entitlement.

We are not responsible for the effect or validity of such notification.

Common Carrier Accidental Death Rider

Provides, subject to the provisions of the entire contract, a benefit that is payable upon the accidental death of the insured caused by an accidental bodily injury that occurs while the insured is riding as a fare-paying passenger on a common carrier.

If this rider was an attachment to a certificate on the certificate issue date, certificate means that certificate. The benefit amount, on the day this rider comes into effect, maximum accidental death amount and expiry date for this rider are shown in the *Certificate Data Pages*.

If this rider was not an attachment to a certificate on the certificate issue date, certificate means the certificate with the certificate number referred to in the notification that we sent you with this rider. The benefit amount, on the day this rider comes into effect, maximum accidental death amount and expiry date for this rider are shown in that notification.

This rider consists of this page and each following page attached up to the page which states "This is the last page of this Common Carrier Accidental Death Rider".

This rider, while in effect, forms part of the insurance contract. Unless amended by this rider, certificate provisions and definitions apply to this rider. This rider does not have cash or loan values.

Definitions

For purposes of this rider:

Common carrier means a motorized vehicle if, at the time of the accidental bodily injury for which the benefit is claimed, that vehicle meets each of the following:

- Is being operated by a business organized and licensed to transport fare-paying passengers.
- Is being piloted, driven or captained by a person who is then licensed to pilot, drive or captain that vehicle, to transport fare-paying passengers.
- Is transporting fare-paying passengers on regularly scheduled routes, from one location to arrive and exit at a different location.

Common carrier will not include:

- A taxi.
- A limousine.
- A cruise ship, if the cruise is more than 12 hours.
- A sightseeing vehicle.
- A vehicle hired or used for a sport, contest or recreational activity, even if the vehicle is licensed and a fare is paid.

Fare-paying means the payment of money, by any mode, by, or on behalf of, a person, specifically for the purpose of that person riding the common carrier from one location to arrive and exit at a different location. Fare-paying does not include courtesy, gratuitous or shuttle transportation.

Riding means:

- Physically aboard the common carrier, or
- Entering or exiting the common carrier, but only while on the ramp or steps attached to, and physically part of, the common carrier and used solely for the purposes of entering and exiting the common carrier.

When This Rider Comes Into Effect

If this rider was an attachment to the certificate on the certificate issue date, this rider comes into effect on the same day as the certificate.

If this rider was not an attachment to the certificate on the certificate issue date, this rider comes into effect on the date that we approve, as shown in our records, the addition of this rider to the certificate, if both of the following conditions are met:

- The insurability of the insured, for purposes of this rider, has not changed between the date of the application for this rider and the date of that approval.
- We have received the first premium, if any, for this rider, on or before the date of that approval.

End of Rider

This rider ends on the earliest of the following dates:

- The expiry date for this rider.
- The day the certificate is no longer in effect as described in the certificate.
- The day the certificate becomes reduced paid-up life insurance.

When this rider ends, it is no longer in effect. The ending of this rider will not prejudice the payment of the benefit payable for death due to an accidental bodily injury that occurs while the rider is in effect.

Paying Premiums

Subject to the *End of Rider* provision, to keep this rider in effect up to the expiry date for this rider, you need to pay the total premium when due, as described in the certificate. The total premium, up to the expiry date for this rider, includes the required premium, if any, for this rider.

Benefit

Subject to the provisions of the entire contract, we will pay the amount of the benefit upon the accidental death of the insured, provided we receive due proof of each of the following:

1. The accidental death is caused by an accidental bodily injury, directly and independently from all other causes.
2. This accidental bodily injury occurs while: (a) the insured is riding as a fare-paying passenger on a common carrier and (b) this rider is in effect.
3. Accidental death occurs within 180 days of this accidental bodily injury.

This benefit will be paid as described in the *Payment to Beneficiary* provision of the certificate.

Amount of the Benefit

The amount of the benefit will be the benefit amount on the date of death, unless the total accidental death benefit amount exceeds the maximum accidental death amount. If it does, the amount of the benefit under this rider will be reduced to the amount that is required so that the total accidental death benefit amount equals the maximum accidental death amount.

The total accidental death benefit amount is the sum of the benefit amount under this rider plus the amount(s) payable under other insurance issued by us, if any, that specifically provides for payment due to the accidental death of the insured.

If there is in effect on the insured's date of death other insurance issued by us that specifically provides for payment due to the accidental death of the insured, the amount of the benefit payable under this rider shall be calculated and paid after:

- First, payment of the benefit payable under the other insurance without a common carrier requirement, whether issued before or after the issue date of this rider.
- Second, payment of the benefit payable under the other insurance with a common carrier requirement, issued prior to the issue date of this rider.

The amount of the benefit under this rider will be zero if the total of the amount(s) payable under the first and second above exceeds the maximum accidental death amount.

Excluded Risks

We will not pay the Common Carrier Accidental Death Rider benefit if the insured's death results directly or indirectly from any of the following:

- Suicide, attempted suicide or intentionally self-inflicted injuries, while sane or insane.
- Committing or attempting to commit a felony.
- War or act of war, whether declared or undeclared.
- Disease or infirmity, of mind or body, or medical or surgical treatment therefore.
- Infection, other than septic infection occurring through and at the time of accidental cut or wound.
- An accidental bodily injury that is sustained or contracted in consequence of the insured being under the influence of a drug, narcotic, barbiturate or sedative, unless administered on the advice of a physician or, in the case of a legal, non-prescribed drug, as recommended by the drug manufacturer.
- An accidental bodily injury that is sustained or contracted in consequence of the insured's alcohol intoxication. Intoxication will mean a blood alcohol level that is prescribed, by the law of the state governing this rider, as an offence for the operation of a motor vehicle.

No Common Carrier Accidental Death Rider benefit will be paid if the insured is riding the common carrier for any of the following purposes:

- To perform duties in relation to that common carrier. This includes duties related to:
 - the operation or maintenance of that common carrier, or
 - the care, assistance or entertainment of the passengers of that common carrier.
- To give or receive training about or related to the common carrier.
- Transportation as a member, and on behalf of, the armed forces if the common carrier is being operated by the armed forces.

Incontestability

We will not contest the validity of this rider after it has been in effect, during the lifetime of the insured, for two years, based upon statements made in the application, if this rider is an attached rider, or in the application for this rider, if it was added to the certificate as an attachment after the issue date, except for:

- Non-payment of premium,
- Risks not covered by this rider,
- Fraud, when allowed by the laws of the state governing shown on the cover page of the certificate, or
- Statements made in an application for reinstatement will be incontestable two years after the effective date, as shown in our records, of such reinstatement.

Claimant means the insured and each member of the insured's immediate family.

Hospital is a short-term, acute, general hospital located in the continental United States, Alaska or Hawaii, that both:

- Is duly licensed for, and is primarily engaged in, providing inpatient diagnostic and therapeutic services for the diagnosis, treatment and care of sick persons by, or under the supervision of, physicians.
- Provides 24-hour nursing service by, or under the supervision of, registered graduate nurses and is not, other than incidentally: a) a skilled nursing facility, nursing home, custodial care home, health resort or spa, sanatorium or rehabilitation center; b) a place for the treatment of mental illness; c) a place for the treatment of alcoholism or drug abuse; or d) a place for the provision of hospice care.

Immediate family means the insured's spouse and each child of the insured (biological or legally adopted) while under the age of 25 years and for whom the insured is legally responsible for maintenance and support.

Physician is a duly licensed medical practitioner while acting within the scope of an active license to practice medicine in the United States. Qualified health situation means a hospital stay, a hospital emergency room examination, or ambulance transportation.

Spouse means the person to whom the insured is married, legally or by common-law, or is in a civil union with, according to the law of the state governing this rider.

When This Rider Comes Into Effect

If this rider was an attachment to a certificate on the certificate issue date, this rider comes into effect on the same day as the certificate.

If this rider was not an attachment to a certificate on the certificate issue date, this rider comes into effect on the date that we approve, as shown in our records, the addition of this rider to the certificate, if both of the following conditions are met:

- The insurability of the insured, for purposes of this rider, has not changed between the date of the application for this rider and the date of that approval.
- We have received the first premium, if any, for this rider, on or before the date of that approval.

End of Rider

This rider ends on the earliest of the following dates:

- The expiry date for this rider.
- The first day following the day the total of the specific benefit amounts paid under this rider equals the maximum family benefit amount.
- The day the certificate is no longer in effect as described in the certificate.
- The day the certificate becomes reduced paid-up life insurance.

When this rider ends, it is no longer in effect, which means that our liability ends and therefore no benefit would be paid under this rider.

Paying Premiums

Subject to the *End of Rider* provision, to keep this rider in effect up to the expiry date for this rider, you need to pay the total premium when due, as described in the certificate. The total premium, up to the expiry date for this rider, includes the required premium, if any, for this rider.

Benefit

Subject to the provisions of the entire contract, we will pay the specific benefit amount to you for each claimant who has a qualified health situation that occurs during the lifetime of the insured and while both the certificate and this rider are in effect, provided we receive due proof of each of the following:

1. The qualified health situation is caused, directly and independently from all other causes, by a catastrophic event.
2. The qualified health situation occurs within 10 days of the catastrophic event.

Amount of the Benefit

There is a specific benefit amount for each of the qualified health situations.

Ambulance Transportation –The specific benefit amount for ambulance transportation will be payable only once for each claimant per catastrophic event.

Hospital Stay – The specific benefit amount for a hospital stay is payable for each calendar day that the claimant is billed for hospitalization, up to a maximum of 5 days per claimant per catastrophic event.

The benefit payable under this rider is limited by the maximum family benefit amount. If a valid claim is made for a specific benefit amount that would cause the total of the specific benefit amounts paid under this rider to exceed the maximum family benefit amount, the amount paid on that claim will be reduced so that the total of the specific benefit amounts paid under this rider equals the maximum family benefit amount. If the total of the specific benefit amounts paid under this rider equals the maximum family benefit amount, this rider will end.

Notice of Claim and Proof

We must receive a signed request for the benefit within the 12 month period following the occurrence of the qualified health situation. Otherwise, no benefit will be paid.

Within 15 days of receiving this request, we will send you the forms that are to be used to file a claim under this rider. If you do not receive these forms within 15 days you may submit to us a signed statement outlining:

We must receive the properly completed forms or your signed statement, and the required proof, within 90 days of the signed request for the benefit. Otherwise, no benefit will be paid under this rider.

Incontestability

We will not contest the validity of this rider after it has been in effect, during the lifetime of the insured, for two years, based upon statements made in the application, if this rider is an attached rider, or in the application for this rider, if it was added to the certificate as an attachment after the issue date, except for:

- Non-payment of premium,
