Accelerated Death Benefit Rider Disclosure

The insurance contract you are applying for may include one or more of the riders described below. The riders allow the Policyowner to receive a portion of the policy's death benefit during the lifetime of the Insured if the Insured is diagnosed by a physician with a qualifying condition as defined in the Rider. Please read your Policy and Rider(s) carefully and consult your Rider(s) for specific information.

Accelerated Death Benefit - Terminal Illness: This Rider allows the Owner to request payment of a portion of the death benefit of the policy if the Insured is diagnosed with a non-correctable medical condition which, in the best medical judgment of a physician, will result in the death of the Insured within twelve (12) months from the date of the diagnosis.

Accelerated Death Benefit - Critical Illness: This Rider allows the Owner to request payment of a portion of the death benefit of the policy if the Insured is diagnosed with one or more of the following as defined in the rider: Amyotrophic Lateral Sclerosis (ALS), Life Threatening Cancer, End Stage Renal Failure (Kidney Failure), Myocardial Infarction (Heart Attack), Major Organ Failure, or Stroke.

Accelerated Death Benefit - Chronic Illness: This Rider allows the Owner to request payment of a portion of the death benefit of the policy if the Insured is diagnosed with a Chronic Illness. Chronic Illness means the Insured is (a) unable to perform, without substantial assistance from another person, at least two of the activities of daily living for a period of at least 90 days due to a loss of functional capacity or, (b) requires substantial supervision by another person to protect the Insured from threats to health and safety due to the insured's severe cognitive impairment for a period of at least 90 days.

Premium Charge

There is no additional premium charge for the Riders; however, an administrative fee will be deducted from the accelerated benefit payment each time a Rider benefit is exercised.

Accelerated Benefit Payment

The request for a benefit must be made in writing and signed by the Owner. Consent of any assignee or irrevocable beneficiary will be required. A spousal release will be required, if applicable, in community property states.

The Acceleration Amount is chosen by the Owner, subject to minimum and maximum limits. Each Acceleration Amount must be at least \$5,000 and must allow for at least \$5,000 residual face amount. The aggregate maximum for all Acceleration Amounts under all Riders is 95% of the eligible death benefit of the Policy on the date of the first acceleration. Under the Chronic Illness Rider, the maximum amount that may be accelerated in any 12-month period is 24% of the eligible death benefit.

The Acceleration Benefit Amount will be based on the Insured's expected mortality at the time of claim as determined by the Company. **Some qualifying events can impact the Insured's quality of life without having a material impact on their mortality and, therefore, the acceleration benefit may be quite small or there may be no acceleration benefit payable at all.**

Upon receipt of a request for rider benefits, the Company will provide the Owner and any irrevocable beneficiary with a written offer showing the amount of the rider benefit as well as the impact of the acceleration on the death benefit and premium amounts. The Owner may accept or decline the offer. If the offer is accepted, the Owner and any irrevocable beneficiary will be provided a statement demonstrating the effect of the acceleration. The policy will be modified with an endorsement indicating the new death benefit and premium amounts.

Effects of Accelerated Benefit Payment

An accelerated death benefit payment will result in a reduction in face amount and base policy premium. There will be no reduction in the annual policy fee, if applicable. Payment of the benefit will have no effect on any Children's Term Insurance or Accidental Death Benefit. Any Waiver of Premium coverage and the associated premiums will reduce due to the reduction in face amount.

The following examples are hypothetical and intended only to demonstrate how an individual assessment of mortality could affect an Acceleration Benefit Amount. The examples bear no relationship to any actual claims you may make or benefit amounts you may receive. They demonstrate the effects of acceleration and are provided for illustrative purposes only, and have no relationship to your policy premiums or values. In both examples, the Owner has a term policy and has elected an acceleration of \$60,000, or 60% of the policy's eligible death benefit. For policies that have cash values, policy loans or dividends at the time of acceleration, those values will typically be reduced proportionately to the reduction in face amount.

In this example, the Insured has a qualifying condition that makes his likelihood of death 3 times what it was without the condition.

	<u>Before Acceleration</u>	<u>After 60% Acceleration</u>
Base Policy Face Amount	\$100,000.00	\$40,000.00
Base Policy Annual Premium (excluding policy fee)	\$979.00	\$391.60
Annual Policy Fee	\$60.00	\$60.00
Total Base Policy Annual Premium (including Policy Fee)	\$1,039.00	\$451.60
Accelerated Benefit Payment (after administrative fee)	\$12,923.20	

Same as the above example, except the qualifying condition makes his likelihood of death 8 times what it was without the condition.

	<u>Before Acceleration</u>	<u>After 60% Acceleration</u>
Base Policy Face Amount	\$100,000.00	\$40,000.00
Base Policy Annual Premium (excluding policy fee)	\$979.00	\$391.60
Annual Policy Fee	\$60.00	\$60.00
Total Base Policy Annual Premium (including Policy Fee)	\$1,039.00	\$451.60
Accelerated Benefit Payment (after administrative fee)	\$34,731.11	

RECEIPT OF ACCELERATED DEATH BENEFITS MAY BE TAXABLE. YOU SHOULD CONSULT YOUR PERSONAL TAX ADVISOR TO DETERMINE THE CURRENT TAX CONSEQUENCES PRIOR TO MAKING ANY ELECTION.

These Riders are not long-term care insurance and do not provide long-term care benefits. The benefits are not intended to qualify for favorable tax treatment. The Riders may affect your ability to receive certain government benefits or entitlements. The Accelerated Death Benefit may be considered an asset in determining eligibility. You should contact your local Medicaid Unit and the Social Security Administration for more information.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interests. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? ____ YES ____ NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? ____ YES ____ NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

INSURER NAME	CONTRACT OR POLICY #	INSURED OR ANNUITANT	REPLACED (R) OR FINANCING (F)
1. _____			
2. _____			
3. _____			

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because _____

I certify that the responses herein are, to the best of my knowledge, accurate:

Producer Statement: I represent that this transaction follows Columbian's Replacement Policy, that I have used only insurer-approved sales material in connection with this sale and that copies of all sales materials were left with the applicant.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

- Are they affordable?
- Could they change?
- You're older -- are premiums higher for the proposed new policy?
- How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

- New policies usually take longer to build cash values and to pay dividends.
- Acquisition costs for the old policy may have been paid, you will incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

INSURABILITY:

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

- What are the tax consequences of buying the new policy?
- Is this a tax free exchange? (See your tax advisor.)
- Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?

If a replacement is involved in the purchase of the new policy or contract, you may return it within thirty (30) days of receipt for a full refund of all premiums or considerations paid on it, including any policy fees or charges. For a variable or market value adjustment policy or contract, the amount paid will be the cash surrender value provided under the policy or contract plus the fees and other charges deducted from the gross premiums or considerations or imposed under the policy or contract. If the policy or contract is returned, the coverage will be considered void from the beginning.
