Accelerated Death Benefit Rider Disclosure

The insurance contract you are applying for may include one or more of the riders described below. The riders allow the Policyowner to receive a portion of the policy's death benefit during the lifetime of the Insured if the Insured is diagnosed by a physician with a qualifying condition as defined in the Rider. Please read your Policy and Rider(s) carefully and consult your Rider(s) for specific information.

Accelerated Death Benefit - Terminal Illness: This Rider allows the Owner to request payment of a portion of the death benefit of the policy if the Insured is diagnosed with a non-correctable medical condition which, in the best medical judgment of a physician, will result in the death of the Insured within twelve (12) months from the date of the diagnosis.

Accelerated Death Benefit - Critical Illness: This Rider allows the Owner to request payment of a portion of the death benefit of the policy if the Insured is diagnosed with one or more of the following as defined in the rider: Amyotrophic Lateral Sclerosis (ALS), Life Threatening Cancer, End Stage Renal Failure (Kidney Failure), Myocardial Infarction (Heart Attack), Major Organ Failure, or Stroke.

Accelerated Death Benefit - Chronic Illness: This Rider allows the Owner to request payment of a portion of the death benefit of the policy if the Insured is diagnosed with a Chronic Illness. Chronic Illness means the Insured is (a) unable to perform, without substantial assistance from another person, at least two of the activities of daily living for a period of at least 90 days due to a loss of functional capacity or, (b) requires substantial supervision by another person to protect the Insured from threats to health and safety due to the insured's severe cognitive impairment for a period of at least 90 days.

Premium Charge
There is no additional premium charge for the Riders; however, an administrative fee will be deducted from the accelerated benefit payment each time a Rider benefit is exercised.

Accelerated Benefit Payment
The request for a benefit must be made in writing and signed by the Owner. Consent of any assignee or irrevocable beneficiary will be required. A spousal release will be required, if applicable, in community property states.

The Acceleration Amount is chosen by the Owner, subject to minimum and maximum limits. Each Acceleration Amount must be at least $5,000 and must allow for at least $5,000 residual face amount. The aggregate maximum for all Acceleration Amounts under all Riders is 95% of the eligible death benefit of the Policy on the date of the first acceleration. Under the Chronic Illness Rider, the maximum amount that may be accelerated in any 12-month period is 24% of the eligible death benefit.

The Acceleration Benefit Amount will be based on the Insured's expected mortality at the time of claim as determined by the Company. **Some qualifying events can impact the Insured's quality of life without having a material impact on their mortality and, therefore, the acceleration benefit may be quite small or there may be no acceleration benefit payable at all.**

Upon receipt of a request for rider benefits, the Company will provide the Owner and any irrevocable beneficiary with a written offer showing the amount of the rider benefit as well as the impact of the acceleration on the death benefit and premium amounts. The Owner may accept or decline the offer. If the offer is accepted, the Owner and any irrevocable beneficiary will be provided a statement demonstrating the effect of the acceleration. The policy will be modified with an endorsement indicating the new death benefit and premium amounts.

Effects of Accelerated Benefit Payment

An accelerated death benefit payment will result in a reduction in face amount and base policy premium. There will be no reduction in the annual policy fee, if applicable. Payment of the benefit will have no effect on any Children's Term Insurance or Accidental Death Benefit. Any Waiver of Premium coverage and the associated premiums will reduce due to the reduction in face amount.

The following examples are hypothetical and intended only to demonstrate how an individual assessment of mortality could affect an Acceleration Benefit Amount. The examples bear no relationship to any actual claims you may make or benefit amounts you may receive. They demonstrate the effects of acceleration and are provided for illustrative purposes only, and have no relationship to your policy premiums or values. In both examples, the Owner has a term policy and has elected an acceleration of $60,000, or 60% of the policy's eligible death benefit. For policies that have cash values, policy loans or dividends at the time of acceleration, those values will typically be reduced proportionately to the reduction in face amount.

In this example, the Insured has a qualifying condition that makes his likelihood of death 3 times what it was without the condition.

	Before Acceleration	**After 60% Acceleration**
Base Policy Face Amount	$100,000.00	$40,000.00
Base Policy Annual Premium (excluding policy fee)	$979.00	$391.60
Annual Policy Fee	$60.00	$60.00
Total Base Policy Annual Premium (including Policy Fee)	$1,039.00	$451.60
Accelerated Benefit Payment (after administrative fee)		$12,923.20

Same as the above example, except the qualifying condition makes his likelihood of death 8 times what it was without the condition.

	Before Acceleration	**After 60% Acceleration**
Base Policy Face Amount	$100,000.00	$40,000.00
Base Policy Annual Premium (excluding policy fee)	$979.00	$391.60
Annual Policy Fee	$60.00	$60.00
Total Base Policy Annual Premium (including Policy Fee)	$1,039.00	$451.60
Accelerated Benefit Payment (after administrative fee)		$34,731.11

RECEIPT OF ACCELERATED DEATH BENEFITS MAY BE TAXABLE. YOU SHOULD CONSULT YOUR PERSONAL TAX ADVISOR TO DETERMINE THE CURRENT TAX CONSEQUENCES PRIOR TO MAKING ANY ELECTION.

These Riders are not long-term care insurance and do not provide long-term care benefits. The benefits are not intended to qualify for favorable tax treatment. The Riders may affect your ability to receive certain government benefits or entitlements. The Accelerated Death Benefit may be considered an asset in determining eligibility. You should contact your local Medicaid Unit and the Social Security Administration for more information.
